- Addressed learner questions and concerns promptly and effectively.
- Provided constructive feedback and assessments to enhance learning.
- Promoted language practice within a positive learning environment.
- Engaged in continuous professional development to enhance moderation skills.

Personal Projects

Market Research using R, Python and Tableau

Python Projects:

- [Automated Data Analysis Tool](#)
- [Excel Data Conversion to Binomial for Testing](#)
- [Analyzing picture using pre-trained model](#)
- [Bar Chart and Distribution of data](#)
- [Python Exercises](#)

CSS, HTML, and JavaScript Projects:

- [Sample Website](#)
- [HTML Video File](#)
- [Exercises, Project-6, Project-5](#)

MATLAB Projects:

- [Linear Regression Model Output](#)
- [Artificial Neural Network Training](#)
- [ARX model, Neural Network and Real Data comparison](#)

Prolog programming language:

- [Family tree](#)
- [Book recommendation](#)

Rational Unified Process (Software Engineering)

[Framework Node.JS & MongoDB, Framework Angular, Library JQuery](#)

[Object Oriented Programming project\(pure java built in\)](#)

[Plant project using XAMPP, MySQL,HTMLL,CSS,PHP](#)

[Operating System \(VM communication over NFS and Haproxy\)](#)

[Plant growth project data storage using docker, neo4j, mongodb, mysql, phpMyAdmin, Rabbitmq](#)

Skills & Languages

- Microsoft Office, SQL, Java, C, Statistica, R, Node JS, Oracle, Python, JavaScript, CSS, HTML, MATLAB, Power BI, Tableau
- Libraries: JQuery, Framework Angular, Framework React
- Fluent: English, Russian, Kyrgyz
- Basic: Italian
